## Fix Multiple ship to accounts not updating for stepped up pricing

Bug

Resolution:

Unresolved

Priority:

High

Fix Version/s:

[vStep-up Pricing](#)

Affects Version/s:

None

Labels:

[PreGroomed](#)

Epic Link:

[EPIC] StepUp - UI

Sprint:

Sprint 20: 8/24 - 9/4

Story Points:

3

User Story:

As a user, I can add various related ship to accounts to the quote lines of a stepped up pricing quote, and the Multiple Ship to Accounts? checkbox in the quote header updates correctly.

Requirement Detail:

This functionality should be the same as it currently is for non-stepped up pricing.

Update flow to ensure the Multiple Ship to Accounts field is updated correctly for all scenarios.

Design Detail:

This seems to have been caused by the update made on [SALDEV-959](#)

Update [QuoteLine After Record Triggered Flow] to ensure the Multiple Ship to Accounts field is updated correctly for both stepped up pricing and non-stepped up pricing quotes, as well as for quotes with groups that are not for stepped-up pricing

On [SALDEV-1068](#) the logic for Multiple Ship to Accounts? field was revised, indicating that it was in this flow.

Confirm whether this updates the quote only upon saving? This would mean that the field in the QLE is not correct but is updated on the quote record detail page?

Implementation Detail:

None

Acceptance Criteria:

When multiple ship to accounts are used on a stepped up pricing quote, the Multiple Ship to Accounts? field = Yes upon Save/Quick Save

Story point estimate:

None

Hi David

[8:40 AM]

<https://jira.flywire.tech/browse/SALDEV-1473>

for this ticket, Field Quote. Multiple ship to account field is not getting updated as via flow

[8:41 AM]

I can see correct path in debug logs but it is not updated on record

david.okolo [8:59 AM]

What is the issue you facing ?

parth.tare [9:01 AM]

Field Quote. Multiple ship to account should be updated as yes if quote lines have multiple accounts, it is not updating right now for few scenarios

[9:01 AM]

can we please connect after standup? I am will send invite

david.okolo [9:04 AM]

where is your work being done, It on Dev?

[9:04 AM]

Give me access to the dev

parth.tare [9:04 AM]

partial. there is no work done for this ticket. it is defect that field is not working I am trying to fix that
